District Representatives Message

*Brother Kenneth E. Rodgers
Second District Representative*

I greet you in the name of our beloved Omega Psi Phi Fraternity, Inc. It has been an honor and privilege serving you in the capacity of District Representative for the past five months. Since we left the District Conference in Syracuse, we have been extremely busy serving the Second District. I have assembled a capable team of leaders who are stepping up to the plate to serve you as Corridor Representatives and Committee Chairmen. Thanks to all of you who have asked to serve. I encourage you to seek a committee of your desire and continue your efforts to serve this great District. To date, we have attended numerous chapter events, hosted a Candidates Forum, conducted our re organization meeting, and participated in the 76th Grand Conclave. As we embark

upon the 100th anniversary of our illustrious Fraternity, let us remain steadfast in our commitment to serve mankind.

I wanted to take a moment to update you on a few activities that have occurred since we last met. But before I get into the details, let me pause and recognize officially the 39th Grand Basileus, Brother Dr. Andrew A. Ray. Additionally, let me acknowledge the 42nd Second Vice Grand Basileus, Brother Robert Littlejohn, Jr. We are extremely proud to have for the first time in nearly 40 years, a Grand Basileus from the Second District. Of course, with that

magnificent accolade, we also inherit the tremendous responsibility that is synonymous to the home of the Grand Basileus. We must ensure that our actions in the Second District are representative of the finest qualities of our great Fraternity. Brother Littlejohn follows a long line of leaders at the undergraduate level here in the Second District; nonetheless, we are proud to host the Second Vice Grand Basileus and will support him and his agenda for the undergraduate community. Additionally, please join me in recognizing the gallant race and show of sportsmanship from our own, Brother Calvin Zellers, candidate for Grand Keeper of Finance. Brother Zellers represented us well. Although we fell short of our goal of a clean sweep, we are proud of each of our candidates for international office.

As a result of the elections and appointments from the international office, I would like to recognize Brother Reverend Dr. Christopher Curry who has been appointed as the Grand Chaplain. Additionally, let me acknowledge our Immediate Past District Representative, Brother James W. Jordan, who has been appointed to the position of Chief of Staff to the Grand Basileus. Consequently, with the elections and appointments at the international level, we have had to fill a few voids locally here in the District. Accordingly, I have appointed Brother Raymond Smith, Gamma Mu Chapter, as the Second Vice District Representative. Brother Smith previously served as an Undergraduate Representative. I filled his vacancy with the appointment of Brother Dayquan McCall of Kappa Nu Chapter. Lastly, I appointed Brother Reverend Dr. Gerald Folsom of Gamma Pi Chapter as the District Chaplain. Brother Folsom has an awesome task in following Brother Curry, but he is a man of God and is up to the challenge of serving the Lord and the District as the new Chaplain. These are but a few actions that I wanted to bring to your immediate attention. I expect in the days to come, we will have other announcements that will impact the Second District as the Grand Basileus is currently looking at talent here in the District and throughout the fraternity to fill various positions on the international level.

Please note the Congressional Black Caucus (CBC) was held in Washington, DC

During the September 16th weekend. The Grand Basileus and the Supreme Council were in town in support of that event. We also convened a Supreme Council meeting on September 17th and 18th. On Thursday, September 16, we attended the Fatherhood Initiative Symposium which was held at the Convention Center. Later that evening, the Supreme Council hosted a reception in honor of the men of Omega who are serving in the United States Congress at the Westin Hotel.

Finally, I encourage each of you to register early for the Centennial Celebration. The current registration rate is \$375 dollars. The Grand Marshall and the planning team is working hard to present to you a superb event that will be enjoyed by the Men of Omega and the residents of Washington, DC. I ask Brothers, Line Brothers, and Chapters to support the "Brick" project. Please visit www.oppf.org to learn more about The Centennial Celebration and the Brick project. You may also register on line for the celebration and you may purchase your brick today.

Fraternally,

Kenneth E. Rodgers

The HFH Build Day was characterized by a spirit of camaraderie, team work, experiential learning, hands-on application of useful car-

pentry skills and just plain fun. We put in a significant days worth of work. We have been inspired to follow up and extend our combined expertise to the family that ends up purchasing the house. Alpha Upsilon 3rd Annual Charles Drew Blood Drive

Brooklyn, NY. June 5, 2010. 67 people signed up for our 3rd Annual Dr. Charles R. Drew Blood Drive. 51 people donated and 16 referrals were made. These donations will have a direct impact on the Brooklyn Community via our partnership with New York Blood Center.

Where in today's society can you "Give Life, Safe Life and Enjoy Life" all in one day? Well, the Men of Omega Psi Phi Fraternity Inc. - Alpha Upsilon Chapter (serving Brooklyn) did just that. Alpha Upsilon Chapter's 2010 End of Season Event took place on June 5 and involved a Blood Drive in support of Sickle Cell Anemia in an attempt to help eliminate this disease, which is prevalent in African Americans and Latinos.

Alpha Upsilon Chapter celebrated her supporters as they come out and enjoyed a block party, which included good food, good music and a time for bonding in brotherhood all while serving a noble cause. The 3rd Annual Dr. Charles R. Drew Blood Drive is a mandated program for Omega Psi Phi Fraternity Incorporated. Other mandated programs include Achievement Week, College Endowment, NAACP, Social Action, Talent Hunt and Voter Registration.

Sickle Cell Disease is an inherited blood disorder that affects approximately 80,000 people in the United States, 97% of whom are of African heritage. About 1 in 500 African American babies are born with SCD each year, and 1 in 1400 Latinos have Sickle Cell Disease.

Under the leadership of the Second District Representative, Mifflin T. Gibbs, Alpha Upsilon Chapter (Brooklyn Omega) was founded on October 1st, 1949. Thirty-eight distinguished graduate Brothers from Zeta Psi Chapter were selected to be the charter members of Alpha Upsilon. These

Men, who were already prominent leaders in Omega and the community at large, founded Alpha Upsilon with the vision of the Chapter serving as a beacon, emitting an intense inspirational beam of light fully illuminating the road to true Brotherhood.

Alpha Upsilon currently has over 50 active members each of who come from various backgrounds encompassing law enforcement, education, law, finance, advertising and city/state/federal government.

Beta Alpha Alpha Host Men Speaking to Men to Stop Violence Against Women Event

Purchase, NY. October 2, 2010. Some 400 people gathered at Purchase College to mark National Domestic Violence Awareness Month with a forum called "Men Speaking to Men to Stop Violence Against Women." The event, hosted by Beta Alpha Alpha of Omega Psi Phi Fraternity, Inc., and My Sisters' Place, encouraged men to talk to one another about recognizing abuse against women and what they can do to stop it. "We try to get the men to know they are unique for coming here and taking the message back into the community," said Bruce E. Tolbert, Basil-eus of Beta Alpha Alpha. My Sisters' Place, a domestic violence support center, distributed fact sheets on abuse. People learned that 85 percent of domestic violence victims are women and more than three women a day is murdered by their boyfriends or husbands, according to the Bureau of Justice Statistics. A panel of community leaders spoke

Beta Alpha Alpha Brothers in attendance at the Men Speaking to Men Event

about the importance of men embracing and valuing one another. "One of the things I shared was that we tend to live in a society that praises violence in calling it our man-

hood," panelist and novelist Mandel Holland of Beta Alpha Alpha said. "We are trying to enhance our men and make them sensitive to the world and the women they care about."

Beta Iota Iota Chapter gathered for the Community Road Cleanup

Brighton, NJ. May 1, 2010. A few Brothers of Beta Iota Iota Chapter gathered for the Community Road Cleanup Project. The road, located in Bridgeton New Jersey, just off of Route 49 West, was adopted by the Brothers of Omega some years ago. The adopted road stretches for approximately one mile. The brothers collected trash on both sides of the road and produced many bags of such, as seen in the photo. The long country road has a residential area to one half and the other half borders farm land. At the sections where the farms are, you could plainly see horses, cows and sheep. The brothers clean the road regularly and if at anytime it's found to be heavily littered, we're informed by our Chapter Brother Thomas C. Lane IV, because he lives on one end of the road. God Bless the Omega Psi Phi Fraternity Inc.

Bronze Statue Dedicated at School Bearing Bro. Ernest Everett Just Name

Prince George's County, Md. - It is the only school in the country named for Dr. Ernest Everett Just. And now, it is the only place in the country that has a statue in the likeness of the esteemed Brother Dr. Just. This summer, a long-time dream was realized with the ceremonial unveiling of Brother Just's majestic statue before a large contingent of Brothers of Omega Psi Phi on August 20, 2010. The statue out front of the Ernest Everett Just Middle School in Prince George's County, Maryland, marks the historic accomplishments of an African American scientist who achieved and excelled in the biological sciences field while breaking through many difficult racial and social barriers that prevailed during his day. For Omega Psi Phi Fraternity, Inc., the bronze likeness is a testament to the timelessness of the Four Cardinal Principles and a man who helped create them. The statue will forever be a monument to Brother Dr. Just's commitment to Scholarship.

The day of the ceremony will be remembered for its symbolism and for being as exhilarating as the event itself. With no clouds in a crystal blue sky and comfortable temperatures making the summer heat bearable, about 200 Brothers from Gamma Pi chapter and the surrounding area along with community representatives dedicated the statute to Brother Dr. Just at the front

of the school. Numerous dignitaries attended, including U.S. Rep. Donna Edwards and Brother State Senator Currie. Kathryn Just, of Washington, D.C., a granddaughter of Brother Dr. Just, was also in attendance.

At the center of the years-long effort was the eight-year-old Ernest E. Just Foundation, which is headed by Brother Wesley Jarmon, Jr., a member of Gamma Pi. Brother Jarmon has dedicated the past several years of his life working with Maryland State officials, the Prince George's County School Board and the Just Foundation as well as some Just family members to have the statue crafted and erected on the school property. Other supporters include the Omega Life Membership organization. Brother State Sen. Ulyses Currie, who represents the local community in the State Legislature, also worked diligently on the project behind the scenes. He introduced the bill to sponsor the \$150,000 funding for the project. The project got the final go-ahead in March 2009 when it was announced at the Governor's Cabinet Meeting.

Ironically, Brother Jarmon previously served the Just Middle School as a PTA president. For years, he would envision a statue on the school's grounds as a fitting and necessary tribute to Dr. Just's work in the sciences, not to mention his legacy as a

Founder of the Fraternity. Now, Brother Jarmon and others in the Prince George's community can drive just a few minutes from home and marvel at the bronze creation. Thousands of Omega men are within an hour's drive of the statue, and hopefully every Omega man who comes to the area can make their way to this magnificent sculpture. Brother Just's final resting place is not far from the school at the Lincoln Memorial Cemetery in Suitland.

Brother Jarmon says the Brother Just likeness is more than just a statute, but is also an inspiration to students at the school to develop an interest in science and excel at it as Brother Dr. Just did, even under unpleasant and trying circumstances. The inscription on the statue carries some powerful words of wisdom and challenge for a new generation of African American scientists. It reads: *"May the students that pass through these halls find the seeds of the spirit of learning that Dr. Just planted to enhance everyone's education."*

The statue, which stands seven-feet tall and weighs about 800 pounds, is the handiwork of world class artist Antonio "Toby" Mendez, who was commissioned in 2007 to build the bronze casting structure. Mendez is from Frederick, Maryland. The actual costs of the sculpture was \$90,000 which allowed the other funds to be returned to the state.

Gamma Pi Chapters Project Enrich 2010

Prince George's County, Md. - One of the most ambitious, public-facing initiatives sponsored by the Brothers of Gamma Pi chapter is the Project ENRICH college preparatory program for high school students. The program, under the chapter's award-winning Social Action agenda, brings together interested students from across the county to a monthly Saturday enrichment session held at Bowie State University during the academic year. For about three hours, students learn study techniques, career planning, goal-setting, as well as how to sharpen their analytical skills and present themselves publicly.

With the close of last year's highly successful program and the start of the 2010-11 school year, Project ENRICH is reaching an important milestone in its history as longtime director Brother Roland Byrd steps down in retirement and transitions to Brother Dwayne "Pete" Ford as director. Brother Byrd is legendary with Project ENRICH. He is a retired college educator who revived the popular program several years ago after it had gone dormant. Hundreds of local youth have gone through Gamma Pi's Project ENRICH through the years, many onto college and into promising careers. It is the chapter's signature educational program that amplifies the importance of the Cardinal Principle of Scholarship.

Brother Byrd, along with his wife Carol, was honored for his service in a memorable end-of-the-year closing ceremony that

not only was a tribute to his many years of commitment to the program and to educating black youth through Omega Psi Phi, but to the success and reach of the program through many years. Brother Byrd's stern, fatherlike nature in challenging the youths to work hard and achieve through his weekly "speeches" from the lectern was the subject of a humorous, yet touching skit performed for parents, other family and friends by Project ENRICH students. No one laughed harder than Brother Byrd and his wife during the skit. Numerous Gamma Pi Brothers also paid homage to Brother Byrd for his service to the program.

Gamma Pi's Project ENRICH exists at a time when the challenge to quality public education is great. With many public schools short on resources, staff and top-level facilities across the student population, Project ENRICH fills the gaps, focusing on exposing students to information, activities and habits that can take them from being good students to great students. The purpose of the free program is to start with students in the ninth grade year and work with them consistently through their senior year to prepare them for college and the world beyond. Participants can only begin the program in 10th grade and full credit is not achieved unless they remain all four years, in which case they receive some scholarship monies for full completion.

In addition to lectures and presentations on topics such as study skills and time management, Project ENRICH also includes on the agenda an annual tour of Historically Black Colleges and Universities, an essay contest and an array of outside speakers. Many chapter members, especially those in education, offer their expertise to the students. In fact, Bro. Dr. Mickey Burnham is president of Bowie State University and a Gamma Pi chapter member. Another member, Brother Dr. Franklin Chambers, is Vice President of Student Affairs at Coppin State University in Baltimore.

One of the highlights from the 2009-10 school year occurred earlier this year when recent alumni of the Howard University School of Business visited the Project ENRICH students. In a very engaging session with the Project ENRICH students, the Howard alumni discussed their academic credentials, study habits, challenges, career choices and they also provided the students a view of the outside "real world" that they have now settled into as professionals. As part of the Howard presentation, Project ENRICH students were given the opportunity to "present" themselves as if they were in a business and professional environment.

Project ENRICH is preparing to kick off the 2010-11 school year on October 30 with an orientation session held at the Technology Center on the Bowie State University campus.

Iota Phi Participate in African American Heritage Parade

Pittsburgh, PA. October 4, 2010. The Brothers of the Iota Phi graduate chapter and Omicron Psi undergraduate chapter represented Omega in grand fashion as they marched down the streets of downtown Pittsburgh during the African American Heritage Parade held Saturday, October 2, 2010.

No less than 20 Brothers participated while passing out brochures informing the public about the serious health issue of prostate cancer. The younger Brothers amazed the crowd at every block with the high-knee/low back renditions of traditional old school steps and new hops.

Gamma Pi Annual Seniors Banquet

Prince George's County, Md. June 2010—

One of the rites signaling the start of summer for many seniors in the local community is sitting down to the table with the local Ques. Every years, senior citizens look forward to breaking bread with the Brothers and witnessing an entertaining and inspirational program from Gamma Pi chapter during its annual Seniors Banquet. For many, it is simply a relaxing Saturday afternoon punctuated by a hot meal served at the table, exciting door prizes, live musical entertainment and a word from The Word. It is the chapter's way of bringing Uplift to people who deserve it given how they have paved the way for today's generations.

Last June's gathering at the familiar site of Gethsemane United Methodist Church in Capital Heights did not disappoint as nearly 100 seniors joined the Super Chapter for the 2010 version of the Seniors Banquet. Among those in attendance was State House Delegate Jolene Ivey (District 47).

For many seniors attending the program, the highlight was the fellowship itself. In a world where so many seniors live alone or find themselves spending long stretches of time without companionship, the ability of seniors to come to a central location and just fellowship with others is a major attraction of the banquet. At the Gamma Pi Seniors Banquet, seniors got all the attention and full attention.

In addition to the fellowship, there was a stirring sermon brought by Brother Rev. Rodney Barnes, who earlier this summer was installed as the Assistant Pastor of Gethsemane AME Church in Landover, where his wife was also installed as the Senior Pastor. Bro. Rev. Barnes, a police officer by day, talked to the "seasoned saints" about "Living a Life Guided by the Hand of God," leaving many of the seniors wiping their brow and longing for more at the end. In addition, Brother Marcus Davis and his sister Stephanie brought forth several musical selections and

teamed with a guest musician, Brian Hill, on a soulful spiritual saxophone solo. Brother William Reese served as Master of Ceremonies. Brother Ikey Staton has become familiar to the seniors as "prize man" for leading the prize giveaways. And in the tradition of powerful pulpit ministers within Gamma Pi, Chaplain Brother Dr. Gerald Folsom gave the opening prayer and also stirred souls by nearly breaking into a sermon of his own.

In a first, the chapter sponsored a very informative presentation on Stalking and Domestic Violence. Seniors are often tripped up by shifty schemes devised in the Digital Information Age. The presentation was given by Barbara Givens, a domestic violence support coordinator in the county and head of Seniors Against Stalking and Domestic Violence in the county.

Iota Phi Helps Black Male Leadership Development Institute

Iota Phi Chapter Brothers worked side by side with proud members of Alpha Phi Alpha, Kappa Alpha Psi, and Alpha Phi Alpha during the Black Male Leadership Development Institute mentor program in Pittsburgh. On October 9, 2010, these historical African American Black Greek lettered fraternities combined forces to break bread and mentor up to 50 up and rising high school males that have demonstrated much promise. The luncheon was held at the August Wilson Center. Participating Brothers were Rev. William Curtis, Martin Andrews, Richard Edmunds, Ken Minefield, Bomani Howze, and Carlton Heywood.

Iota Nu Chapter's Juneteenth Event & Charles Drew Blood Drive

Havre de Grace, MD. June 2010. June 19th, 1865 was the date slaves in Texas learned they were emancipated, three years after the Emancipation Proclamation was issued by President Abraham Lincoln. Juneteenth is the oldest celebration of the end of slavery, and this history was brought to life to the Harford County community by the Brothers of Iota Nu Chapter of Omega Psi Phi Fraternity, Inc.

The June 19, 2010, Juneteenth event began with a Pancake Breakfast free to the kids. The educational program followed with the history of Juneteenth, Historically Black Colleges and Universities, and prominent contributions by African Americans. Brothers gave personal reflections on the opportunity afforded them by HBCU's, and encouraged the youth to consider them when pursuing higher education.

Iota Nu Basileus Derrick Brockman giving Blood at the Charles Drew Blood Drive

Following the Juneteenth program, participants went to Mount Zion Missionary Church for the Dr. Charles R. Drew Blood Drive. Partnering with the American Red

Cross and the Rotary Club of Havre de Grace, donors contributed over 21 pints of blood, and signed-up for Bone Marrow donation.

Kappa & Chi Pi Chapters Aid at Backpack Giveaway & Community BBQ

Syracuse, NY, August 21, 2010 the Brothers of Kappa & Chi Pi Chapters were publicly displaying their hard work for Omega; this time in Downtown Syracuse, NY. The event at hand was Ms. Mary Nelson's 9th Annual Backpack Giveaway & Community Barbeque. The event was started by Ms. Nelson after her nephew was murdered as a result of black on black violence in the inner-city. She wanted to do something to help youth stay in school as an alternative to staying out in the streets and getting into trouble. Thus she began her free of charge backpack giveaway & barbeque in 2001 to insure that students had the necessary tools for success; the event has continued and grown this time every year ever since.

Kappa & Chi Pi Chapters were honored enough not only to offer service in this remarkable event, but to also play an essential role in helping the event go smoothly.

A record 10,000 plus backpacks, as well as other school supplies, were distributed to students in the community at all levels of education. Kappa & Chi Pi chapter brothers played a major role in keeping the large event in order. The brothers aided in sorting the supplies, directing and maintaining the large multitude of people, and an especially significant role in the organization of distribution of the resources to the families.

Kappa Chapter help incoming Minority Syracuse University incoming Freshman Students with Think Tank Event

Syracuse, NY August 8, 2010. Brothers of Kappa Chapter collaborated with members of Phi Beta Sigma and the Syracuse University Office of Multi Cultural Affairs (OMA) for a "Think Tank" with the incoming Syracuse University freshman class. The students were involved in the *Summer Start* program; where students have an opportunity to take classes and become familiar with the campus in the summer before their first semester at SU begins. The "Think Tank" is an event where positive black leaders on the Syracuse University campus come speak with students about issues they may encounter throughout their collegiate career, pri-

marily focused on aiding minorities in this adjustment and raising the awareness of the different backgrounds amongst college students. The topics that are discussed involve; transitioning from high-school to a college environment, dealing with a possibly unfamiliar, predominantly Caucasian, race dynamic in the classroom and home, and dealing with a more hefty workload in college, to name a few. Kappa Chapter played an important role in aiding in the facilitation of the dialogue and setting the tone for topics of discussion. An attendance of approximately 70, incoming students participated in the event.

Omicron Chi Honors Bro. Joe Black

Plainfield, NJ---On Saturday, September 25th the men of Omicron Chi Chapter participated in a ceremony to formally rename the Hub Stine Baseball complex the Joe Black Baseball Field. Bro. Black, a native of Plainfield, NJ died in 2002 at the age of 78.

The late Bro. Black became the first black player in Major League Baseball history to win a World Series game, when he pitched the Brooklyn Dodgers to a Game 1 victory over the New York Yankees in 1952. Bro. Black earned Rookie of the Year honors that same year. Black pitched three more seasons with the Dodgers before playing for Cincinnati and Washington.

After retiring from baseball in the late 1950's Black returned to his native Plainfield where he taught at the city's Hubbard Middle School. The late Bro. Black is believed to be the only player in Major League Baseball history to teach in a public school after retiring from baseball. After teaching, Bro. Black went to work for the Greyhound Bus Co. in Arizona where he became an executive for the firm.

Plainfield city officials settled on renaming the baseball field where Bro. Black once said he wanted his ashes scattered when he died----the same ball field where a Major League Baseball scout once told

Black that he would never play professional baseball because of the color of his skin.

Bro Joe Black was initiated into Omega Psi Phi Fraternity in 1946 through Pi chapter at Morgan State University and also received Masters Degrees from Seton Hall and Rutgers Universities.

Theta Mu Mu 2nd Annual Charles Drew Blood Drive

Baltimore, Maryland Saturday, June 5, 2010 -- The Brothers of Omega Psi Phi Fraternity, Incorporated Theta Mu Mu Chapter hosted the chapter's 2nd Charles Drew Blood Drive in conjunction with the American Red Cross. Last year the chapter set a new precedent by gathering 58 units of blood so the new goal set was almost double, 100 units was the goal. Theta Mu Mu received several challenges from area 2nd district chapters for the most units of blood as a direct result of its performance last year. In the end all the recipients of the bloods were the true winners. Request for donors and volunteers were done by word of mouth, Facebook, and the chapter's own website ThetaMuMu.org. Recruitment efforts yielded brothers to come and donate

from as far as Annapolis, MD and New Jersey. However, as a direct result of the efforts of the chapter's brothers' recruitment efforts the location given by the American Red Cross was its own headquarters which is never used for drives. For the first time The American Red Cross opened its headquarters to a drive other than its own. After the drive was completed it was reported by The American Red Cross to Theta Mu Mu Chapter that the chapters' efforts yield a total of 72 blood units. This was achieved even with close to 20 walk-a-ways, people who could not wait and had to leave. The headquarters was overwhelmed and could not accommodate all the donors that showed up to give. Over 90 donors

showed, some of which donated doubles. However, none of the walk-a-always were brothers. This was commented on by the American Red Cross Director Ray Charles, "Want ted to call and thank ...your entire organization for a job well done...you guys [fraternity brothers] have tremendous character and patience." Brother Warren V. Chambers, Charles Drew Blood Drive Chair, went on to say, "Although we fell short of goal of 100 this was an honorable project to be a part of and is a success for our great Omega Psi Phi Fraternity Incorporated, Brother Charles Drew, and Theta Mu Mu chapter, however, we do plan on making up for the shortfall next year. I thank the chapter for all its hard work and the fun we had while working hard for Omega Dear."

Theta Mu Mu Donates Shoes to Empowerment Temple AME Church

Baltimore, MD. Sunday, August 29, 2010 brothers of Theta Mu Mu Chapter (Baltimore County, MD) donated over 10 pairs of brand new shoes to Empowerment Temple A.M.E. church's Best Foot Forward Campaign. Rev. Dr. Jamal H. Bryant, pastor of Empowerment Temple A.M.E. Church, led efforts to collect new sneakers, hoping it would provide equal footing for students to put their best foot forward. Theta Mu Mu Chapter donations were acknowledged during the morning service. Over 3,000 pairs of shoes were collected and students from all over the city were able to come to the church to receive them. This is the first year the church has sponsored the event, but organizers hope it's the first of many more years to come. Students also picked up school supplies to head back to school with a bang.

Zeta Iota Iota Chapter

Zeta Iota Iota Chapter of the Omega Psi Phi Fraternity was chartered on July 20, 1990 as a Graduate Chapter in Chester County, Pa. The chapter remained active and successful until 1995. From 1996 until 2004 the chapter experienced various challenges which placed the chapter in an inactive status. In the year 2004 several brothers felt the need and importance of re-establishing the chapter so with due diligence and determination the chapter was reactivated.

Since 2004 Zeta Iota Iota Chapter has reclaimed more than 30 Omega Men as well as initiated 2 lines with a total of 13 brothers, Six Disciples of Resurrection and Seven Sons of Perseverance. The chapter has participated and sponsored various programs such as The Charles Drew Blood Drive, our Annual HBCU College Tour, Annual Langston Hughes Scholarship Golf Tournament, Brother John Skief Memorial Football Game, NAACP Fundraiser Fish Fry, Annual Memorial Service in conjunction with Epsilon Pi Chapter of Delaware County, the adoption of Harambee Institute of Science and Technology Charter School providing tutorial services in Math and Reading for stu-

dents in grades 3rd through 8th, Rites of Passage Program for male youths from grades 5th – 8th, Family Fun Day, Harambee Annual Street Festival, Harambee Spring Concert, Harambee Track and Field Day, Founder's Day Program and Achievement Week Activities, Voter Registration and active participation in the campaign to elect our President Barack Obama (Omegas for Obama), Haiti Relief Packages and Fund, Seminar on the Black Holocaust, Annual Old School Greek Cookout in conjunction with Mu Omega and Beta Chapters just to name a few.

Zeta Iota Iota Graduate Chapter has a vision and mission to establish a strong brotherly and working relationship with chapters in the surrounding areas in order to elevate our beloved fraternity to its greatest heights. By ongoing communication and collaboration we believe every chapter in the area will not only achieve success but the bond of friendship and brotherhood will be strengthened. We are a chapter with a vision to be a great asset in Omega's success.

Long live Omega Psi Phi Fraternity and her great sons!

Zeta Psi Host "Omega After Dark" at Sag Harbor

Sag Harbor, NY. August 2010. The Professional Men of Zeta Psi Chapter hosted "Omega After Dark: The Hamptons Edition" on August 21, 2010 in Sag Harbor, NY. The music was provided by Bro. Jon Byers (Jon Quick) and celebrity drummer Kim Thompson. Zeta Psi Chapter is the first black Greek organization to host an annual event in the Hamptons. Zeta Psi Chapter chose to have the event in Sag Harbor because of its rich Black History. Sag Harbor was one of the first resort towns that welcomed black couples and families. Today, it still boast a significant black population. Brian Monroe, Immediate Past Basileus of Zeta Psi, said, "Brothers of Omega Psi Phi were early pioneers in establishing Sag Harbor as a vacation resort for Black families. They endured intense discrimination yet persevered to create black communities in Sag Harbor. Today many Omega Men, and Zeta Psi Brothers, still have vacation homes in Sag Harbor." Not surprisingly, the event was a smashing success. Approximately 150 people shared the evening or spent the weekend with the Brothers in historic Sag Harbor, New York. The proceeds from the event are geared toward the Chapter's Scholarship Program. For more information about the Chapter's Scholarship Program please email: www.zetapsichapter.com
