Celebrate Earth Day

As April 22nd approaches, we should all take a moment to consider the one thing we take for granted most in our lives; our planet. 2006 marks the 35th Annual International Earth Day celebration.

So, what do we do? It is really the simple things that make a difference. Everyone has heard of the three R's- Reduce, Reuse, and Recycle.

This April as we head back outdoors to enjoy our environment let's remember to take care of it. Join your community for their local cleanup and Earth Day event, plant a tree and some flowers, clear the trash and debris from yards and streams. Take a walk or ride your bike instead of driving. Enjoy and respect our planet this Earth Day.

From the President

First, I would like to take a moment to offer my sincere appreciation to all of our EXPO sponsors, exhibitors, East Stroudsburg University, EXPO Committee, and volunteers whose involvement made this year's event the most memorable and successful one yet. There were 187 exhibitors who showcased their products and services to the thousands of attendees. I've received a tremendous amount of positive feedback from everyone regarding the EXPO and that makes us all very proud. We are already looking forward to EXPO 2007, which marks the 20th year of EXPO.

In other news, our Government Affairs Committee conducted a survey for the minimum wage increase. The survey, which was emailed to the membership, has produced a great response. The committee is finalizing the results and it will be available to all of our members in the near future. If you are interested in legislative issues, please join the Government Affairs Committee, which meets the first Friday of each month at 8:00 a.m. at the Best Western Pocono Inn in Stroudsburg.

Our Small Business Development & Resource Center conducted successful seminars in March called "Doing Business with Pennsylvania," "Basics of Marketing," and "How to Develop an Effective Business Plan." More than 60 individuals attended these seminars, which were held at the Chamber and Monroe Career and Technical Institute. Thanks to our sponsor and presenters for their dedication in making the Pocono Mountains a better place to do business.
