2nd District Social Action Chairman
Omega Psi Phi Fraternity, Inc.
885 Greene Avenue
Brooklyn, NY 11221

Dear Mr. Smalls:

On behalf of the Penn-Jersey Region of the American Red Cross, I would like to extend my most sincere appreciation for the thoughtful and life-saving contributions you and the Omegas Psi Phi Fraternity, Inc. have extended to the children in our community with Sickle Cell Disease who have a continuous need for blood.

Sickle Cell Disease is a devastating disease that affects our country’s most valued and loved assets … our children. It is enormously important for healthy adults to reflect on the needs of these children and most importantly, to make consistent blood donations for their care.

By taking the time to manage and engage your fraternity’s awareness of the need and by collecting 522 donations from your generous membership, you have indeed demonstrated your commitment to the health of our community. This is particularly true when the donations originate from the African American population, to help support and fight Sickle Cell Disease.

We salute your noble and gallant effort and celebrate the many lives your fraternity has saved.

Thank you for your most wonderful and generous gift.

Best regards,

Brigid O’Neill-LaGier
CEO

Please Give Blood.
Omega Psi Phi Fraternity, Inc. is an international Fraternity with chapters and Brothers spread around the globe. For the Gamma Pi chapter in Prince George’s County, Md., the boundaries of the globe have spread out a bit farther recently with the announcement that Brother Teddy B. Taylor, Immediate Past Basileus of the chapter who served three terms at the helm, is heading to the South Pacific as a United States Ambassador. The career State Department Foreign Service official was named by President Obama as Ambassador to Papua New Guinea, the Solomon Islands and the Republic of Vanuatu, an area also known as Melanesia.

Brother Taylor and his wife Antoinette Corbin Taylor, also a State Department official, are heading overseas in mid-October. A swearing-in ceremony was held on September 21 in an elaborate setting at the State Department in Washington. More than 20 Brothers from Gamma Pi and other chapters attended the ceremony to show support for Brother Taylor. The White House announced the appointment in June along with a handful of other key ambassadorial selections.

A graduate of Florida A&M University, Brother Taylor is a Washington, D.C. native. He has served in several overseas posts including in Cuba, Hungary, Honduras, Panama and Guatemala. From 2006 until his appointment he has served as a Deputy Assistant Secretary of State in the Bureau Human Resources division where he oversaw the daily bureau operations, Foreign Service assignments and employee assistance programs for the department.

In his new role as Ambassador, which is the highest level a Foreign Service officer can attain, Brother Taylor will be the senior U.S. diplomat resident “in country,” serving as a personal representative of the U.S. president. Brother Taylor is responsible for protecting the welfare and interests of American citizens and businesses in those countries as well as interpreting local political and economic events and decisions for policy makers back in Washington. Ambassadors broadly promote free trade, open markets, freely elected governments and American culture. Brother Taylor, soon to be known as His Excellency, in diplomatic parlance, will serve a three-year assignment. “In our service, this represents the pinnacle of one’s career. To be nominated by the President to represent the American people is a high honor,” Brother Taylor said in a recent interview.

Aside from the historical significance, Brother Taylor is believed to be one of just a handful of Omega men to serve at the rank of U.S. Ambassador. Brother Taylor’s Omega resume is just as impressive as his diplomatic credentials. In his three terms as Gamma Pi Basileus, the chapter was named Graduate Chapter of the year for the Second District three times – in 2003, 2005 and 2006. The chapter active rolls grew significantly as many Omega Brothers throughout the area were reclaimed in the Gamma Pi fold. In addition to serving as Basileus, Brother Taylor also served as Vice Basileus, Chapter Editor and as the chairman of the Social Action and Public Relations Committees. He was Gamma Pi chapter Omega Man of the Year for 2008. Brother Taylor also served at the Second District level as chairman of the Political Action Committee and as a Second District Founders Stand-In Honoree in 2008.

“I will miss the opportunity to enjoy the fellowship with my Omega Brothers and participating in the activities of the Fraternity,” Brother Taylor said in an interview. “This is also home. I am a native Washingtonian and therefore have a number of friends and family in the area. But this is a once in a lifetime opportunity that makes it worthwhile and I have told my Omega Brothers as well as my family and friends that I am just an e-mail away.”

Washington, DC - On Monday, April 13, 2009, the Capital Region Ques of Lambda Gamma Gamma (LGG) Chapter held its annual Youth Day at the Wizards. The event was hosted by Brother Andre Debose, Committee Chairman, and held at the Verizon Center home court for our own Washington Wizards. This event hosted by LGG provides an opportunity for kids from the Metropolitan area to be exposed to the thrill of professional sports in the DC area and the commitment to the community from the brothers of Omega Psi Phi Fraternity.

This year’s event was led by brother Debose. LGG escorted 37 youth of all ages both male and female to observe the Washington Wizards face the Toronto Raptors. The pool of youth represented all three areas of the Chapter - Maryland, Washington DC, and Northern Virginia.

The youth in attendance represented established youth based programs that Brother Stan King and Brother Bleu Colquitt work with. Brother King attends this event every year with his Northern Virginia youth basketball team in which he serves as both coach and a mentor. Brother Colquitt provided youth from the Omega Center in Suitland Maryland, where he also serves as a mentor.

In attendance were 8 enthusiastic brothers from the chapter who came to help with the logistics and provide support of the event. Several of the brothers also brought their own kids to share in the event. All were treated to an exciting game with the Wizards losing to the Raptors 97-96.

In recognition of the efforts of the Uplift Foundation Youth Based Program and the youth, the Verizon Center acknowledged them through an announcement made over the intercom system at the beginning of the game and again at half time. The group location was also recognized with a flash on the Jumbo-tron HD screen.

LGG hopes this exposure and show of commitment from the brothers of the chapter will leave an everlasting impression on the hearts and minds of each and every one of the youth in attendance.

The Lambda Gamma Gamma Chapter of Omega Psi Phi would like to thanks the Omega Center Youth and the Northern Virginia basketball team members for their continued participation with this program. Kappa Omicron Chapter Conducts Successful Food Pantry Drive

April 15, 2009 New York, NY

Whole families are now living in shelters than ever recorded. Kappa Omicron Chapter and Omega Psi Phi saw an opportunity to aid these families through our canned Food Drive. Our Food Pantry Drive started January 15 and ended April 15, 2009. Our Committee named 5,000 Plus Can Food Drive is made up of Kappa Omicron Chapter, Brothers Ray Haskins, Thomas Wallace, Orlando Columbus, Charles Johnson and Percy Lambert have organized to feed as many families as possible. Thomas Wallace and Ray Haskins jointly Co-Chair the committee. With the help of our chapter Brothers and friends of Omega Psi Phi, we collected cash and checks donations of totaling $3,500 in order to purchase approximately 5000 cans of fruit, vegetables, canned meats, canned fish and cereals from a Grocer Wholesaler located here in New York City. The selected Food Pantry’s were recommended by either a chapter member or community at large. Kappa Omicron Chapter brothers thought it would be a great feat to be able to deliver a 5000 plus cans of canned food to at Five Food Pantry’s one in each Borough of New York City. Each food Pantry would receive approximately 1000 cans each of vegetables, fruits, meats, canned fish and cereals. This food pantry drive was the very first drive Five Borough drive ever conducted in New York City by any fraternity or sorority. The selected Food Pantry’s are as follows:

Because We Care Food Pantry, St Albans Congregational, Church, St Albans, Queens, N.Y., Salvation Army Food Pantry, Bronx, N.Y., Cathedral Community Cares Food Pantry, St John’s Divine Church, Manhattan, Stapleton U AME Church Food Pantry, Staten Island, N.Y. Hanson Place Seventh Day Adventist Church, Brooklyn, N.Y. On Saturday May 9, 2009, Representatives of each Food Pantry attended a awards Ceremony at Kappa Omicron Chapter, Fraternity House Located at 528 West 150th street, New York, N.Y. where each Food Pantry representative received a fully paid invoice of canned foods from a Grocer Wholesaler paid in full by Kappa Omicron.

Kappa Omicron Chapter Food Pantry Drive Participants
On March 14, 2009, the Brothers of Nu Upsilon Chapter of Omega Psi Phi Fraternity, Inc. joined forces with Delta Sigma Theta Sorority, Inc., Wilmington (DE) Alumnae Chapter; Delaware Coalition Against Domestic Violence; and ChiEta Phi Sorority, Inc. (professional African American nursing organization), Tau Eta Chapter to host “Breaking the Silence of Domestic Violence.”

The seminar was held in Wilmington, Delaware at Shortlidge Elementary School and included interactive workshops and one-on-one counseling sessions. More than 155 adults and teens were in attendance, and more than half of the attendees were teenagers. Snacks, lunch and giveaways were provided to all participants.

The keynote speaker, Domestic Violence Awareness/Victim’s Right Advocate, Quincy A. Lucas, delivered a powerful speech on domestic violence and how it touched her family. Ms. Lucas lost her sister, Witney, to domestic violence and went on to form Witney’s Lights, Inc. Witney’s Lights is a grassroots, non-profit organization committed to eliminating domestic violence through awareness, education, prevention, and advocacy.

According to the Domestic Violence Resource Center, one in four women has experienced domestic violence in her lifetime. “Domestic violence is a serious issue in our community”, said Vandell Hampton, Jr., Vice Basileus, Nu Upsilon Chapter. “The more awareness and education we can bring around this issue, the more people we can help and lives we can save,” Hampton further noted. The work of this team is not complete. Ongoing plans are being made for participation in a variety of activities to promote the eradication of domestic violence.

The Domestic Violence Coordinating Team

The month of June 2009, was a particularly busy month for the Nu Upsilon Chapter, as providing services for those in need was a priority - the chapter had three Social Actions activities!

On June 24, 2009, Brothers of Nu Upsilon visited the Prestige Academy, the state of Delaware’s first and only all-male middle school, where Bro. Jack Perry serves as the principal. This school, located in Wilmington, is in its first year, and was selected to be the target school for Nu Upsilon’s Adopt-a-School project. The brothers had the opportunity to visit with the students and staff during their Community Day period, where members of the community tour the facility and observe the young men engaged in an awards ceremony for academics and attendance. Brothers introduced themselves and fielded questions that the youngsters had about their careers and background. At the end of the Q & A session, Basileus J. Gregory Scudder presented the school with a donation of $250 for supplies, incentives, etc. The students and staff expressed their gratitude to the Nu Upsilon Chapter and extended and open invitation for our return.

On June 28, 2009, the brothers of Nu Upsilon engaged in two activities to uplift our community – worship and feeding the homeless. We began the day by worshipping at the Tabernacle Full Gospel Baptist Cathedral of Wilmington, DE. The service was spirit-filled, and the pastor delivered a rousing sermon, Glory – The Physical Manifestation of the Power of God! The key message in the pastor’s delivery was that we have the “glory” in us and we must learn to give God the praise for his blessings. When the chapter was acknowledged, Bro. J. Gregory Scudder presented a donation for $200 for the church’s capital and/or spiritual programs. The service was powerful and spiritually uplifting for the brothers and the other parishioners.

At mid-afternoon on June 28, 2009, brothers converged on the Sunday Breakfast Mission of Wilmington, DE to feed the homeless and downtrodden. This annual project for Nu Upsilon was again successful, as we bought the food, delivered it to the Mission for preparation, and served more than 213 children, women, and men. As always, the residents and staff of the facility and the community members expressed their appreciation for the good deeds of the brothers, and extended a hearty invitation for us to return the next day!
The mission of Nu Nu Chapter, Omega Community Development, Inc. (OCDI), and the Arthur F. Brown Community Center located at 525 York Street in Burlington, NJ, is to provide for the betterment of the Burlington City community through our commitment to address emerging or worsening community concerns and problems.

It is our goal to offer needed services and mentoring on behalf of troubled, minority, low income, and otherwise at-risk youth. We strive to meet this goal by providing a positive influence for these youth and heightening their awareness of constructive lifestyles and economic and educational opportunities. One of the programs supported by OCDI and the Brothers of Nu Nu Chapter is the Annual Health Fair.

For the 2009 Health Fair, OCDI sponsored a Health Pavilion as part of the 7th Annual Black Family Heritage Festival, which was held on Saturday July 18, 2009 from 12:00PM – 5:00PM on the Burlington City Riverfront Promenade in Burlington City, New Jersey. The Black Family Heritage is a day filled with music, lots of activities for children, food, vendors and special presentations. This year’s festival attracted approximately 11,000 people.

Medical and Dental Professionals affiliated with the Chapter volunteered their time and energy to support this worthwhile cause. Dental screenings were provided by Bro. Dr. Al Dennis. AmeriChoice of New Jersey HMO provided Blood Pressure, Body Mass Index, Cholesterol and Blood Sugar screenings, Dental Screenings, and dispensed health education literature, water bottles, coloring books, refreshments and other free gifts to the adults and children in attendance.

South Jersey Family Medical Center provided Blood Pressure, Body Mass Index, Cholesterol and Blood Sugar screenings. New Jersey Family Care provided Health Insurance information and signed up eligible families for State funded health insurance programs. Stroke education and outreach, and heart health and nutrition information was provided by the American Heart Association and American Stroke Association. Prevention Plus of Burlington County provided education and outreach services aimed at promoting healthy, safe and drug free lifestyles. Sisterhood, Inc. provided information on their wide range of community outreach programs covering drug and alcohol abuse, domestic violence, child advocacy, HIV/AIDS awareness, and various training programs.

The Burlington County Health Department dispensed information regarding infectious diseases, influenza, lead poisoning, HIV/AIDS awareness and other health issues of great importance to our community, and the Southern New Jersey Prenatal Consortium provided information concerning the dangers of lead exposure, which is of great concern to the residents of Burlington County.

Many thanks to Bro. Dr. Al Dennis, AmeriChoice of New Jersey, South Jersey Family Medical Center, American Heart Association, American Stroke Association, Prevention Plus, Sisterhood Inc., the Burlington County Health Department, New Jersey Family Care and the Southern New Jersey Prenatal Consortium for making this event a huge success!

NASA Administrator and Astronaut, Brother Maj. General Charles F. Bolden, Jr., Visits Gamma Pi Chapter

Prince George's County, Md. September 19, 2009 A few minutes into Gamma Pi chapter’s monthly meeting in September, the call came for visiting Brothers to stand up and be recognized. As usual, several Brothers took to the floor and announced their names, home chapters and whether or not they were new to the area or “re-connecting” to Gamma Pi from prior association. As it turns out, one face seemed familiar from the news pages, especially recently. The visitor turned out to be Brother Major General (Retd.) Charles Bolden Jr., the new Administrator of NASA and the first and only African American to hold that post in the space agency’s half-century history.

Brother Bolden, an astronaut who has experienced four missions in space aboard the Space Shuttle including two as commander, was the special invited guest of Gamma Pi’s Brother Clint Green, who is employed at NASA. Brother Major General Bolden received a more formal introduction later in the meeting and gave a few brief remarks to the chapter. He also taped a brief video message at the end for Gamma Pi’s YouTube page, promising to return at a later date. The September meeting was the first for Gamma Pi since the summer break.

Several of the small knot of African Americans who have served as NASA astronauts are members of Omega Psi Phi. Among them: Brother Robert H. Lawrence, Jr., PhD, the first African American astronaut, and Brothers Guion Bluford, Frederick Gregory and the late Ronald McNair, who died aboard the Shuttle Challenger in 1986.

Brother Major General Bolden was named to the top NASA post by President Obama and was confirmed by the U.S. Senate. He began his duties in July 2009. This is his second NASA stint as his 34-year career in the U.S. Marine Corps included 14 years in NASA’s astronaut office. While in space, he was part of the crew that deployed the Hubble Space Telescope and one of his missions featured a Russian cosmonaut as part of the crew. He was inducted into the Astronaut Hall of Fame in 2006. Brother Major General Bolden is also a former naval aviator and later a test pilot, having flown more than 100 combat missions over North and South Vietnam, Laos and Cambodia during the Vietnam War.

Brother Bolden is also the former Deputy Commandant of Midshipmen at the U.S. Naval Academy where he also received an appointment in 1964 out of high school.

Gamma Pi Chapter Community Health Fair and Blood Drive

Cheverly, MD. June 27, 2009. It was an interesting week leading up to Gamma Pi Chapter's annual Blood Drive and Health Fair in late June. The loss of two entertainment icons within hours of each other – one of them the incomparable music legend Michael Jackson - put the Health Fair in a new, more immediate light. All across the country, concerns about health reached a fever pitch as celebrity health failings “before their time” grabbed the spotlight.

For Gamma Pi chapter, this could not have been a better time to send clear and direct health messages to the community. Gamma Pi’s annual Health Fair and Blood Drive underscored the importance of achieving and maintaining good health, giving some meaning to the spate of recent celebrity deaths from health problems. A large number of people from the surrounding community took part in Gamma Pi's Blood Drive and Health Fair that was held on Saturday, June 27 at the Kentland Community Center in Cheverly, Md. A steady flow of people in and out the door kept staff hopping, from the teams who were manning various health screening stations to the American Red Cross crew receiving blood donations inside the mobile unit. About 25 pints of blood were collected during the daylong event. The setup for the event was much like a triage unit. Visitors were able to walk inside of a large facility much like strolling up and down the aisles of Wal-Mart and find everything in health they wanted. For example, up and down the main corridor, visitors could get screened for diabetes, bone density, glucose levels, cholesterol level and blood pressure. In another area, you could pick up useful information about health insurance, organ donation and nutrition. The big draw – a always – was the American Red Cross’s amazingly equipped bloodmobile parked out front.

Gamma Pi members and physicians Brothers Dr. Lester Miles and Dr. Kevin Ford organized the Health Fair and Blood Drive event as one of the chapter's ongoing Social Action projects. Bro. Dr. Ford ran the successful event on-site. Bro. Dr. Ford was also assisted by his wife, Dr. Debra Ford, a member of Delta Sigma Theta.

While Gamma Pi works throughout the year with youth, families and seniors in the Prince George’s community, the chapter is looking to increase its work in the area of health awareness and education, given the impact of health disparities on African Americans and other minority populations. Earlier this year, the chapter unveiled a health and fitness initiative within the chapter for Brothers to pay closer attention to their own health.

Rockland County, NY. On Sunday, April 26, 2009, four thoroughly immersed men (Floyd Long, Anthony Burrows, Nathan Lawson and Carl Jenkins) crossed the burning sands of Omega Psi Phi Fraternity and became members of the mighty, mighty Xi Lambda Lambda Chapter (chartered September 25, 2003) of Rockland County, NY - home of the Rockland Ques.

These brothers crossed under the guidance of the MSP chairman Bro. Tyrone Bailey and the assistant MSP chairman Bro. Byron Hurlock who were given the challenge by the Basileus, Bro. Dennis McGloster. Mentoring was provided by brothers Tony Dinkins, Scott Watson, Ed Kittrell, Richard Clarke, Gerald Inman and T. Ed McBride, Jr.

A pleasant surprise was experienced by neophyte Nate Lawson who discovered after the crossing that his cousin, Bro. Shea Lawson, Vice Basileus of Psi Pi chapter of the 5th District in Clarksville, Tennessee, was assisting the brothers with the crossing.

There was just as much excitement in Rockland County when the neophytes crossed as there was when the chapter was founded. The same day after the crossing the residents of Rockland were treated to an Exhibition Step Show by the newly initiated neophyte brothers known as the “Final Four” at the Nyack Memorial Park in Nyack, NY.

In attendance were visiting brothers from as far east as Long Island, NY and as far north as Syracuse, NY. The show was heavily attended by members of various Greek lettered organizations, family, friends and county residents that were at the park. After the show the neophyte brothers were given a party at the “Off the Hook” restaurant owned by chapter brother Richard Clarke.

About the Final Four

Bro. Floyd R. Long, Jr. earned both his Bachelors and Masters of Business Administration from Howard University. He is an Associate Executive Director at Coler-Goldwater, a long-term care chronic hospital and nursing facility located in New York City. In January 2009, Governor Patterson appointed him to the NYS Board of Nursing Home Administrators. He is married to Glenda, his college sweetheart and a member of Delta Sigma Theta Sorority. They have a son and a daughter.

Bro. Nathan Lawson earned a bachelors degree in Pastoral Ministries from Toccoa Falls College. He is currently an Administrative Faculty member at Nyack College in the Division of Student Success. Bro. Lawson has been married to his sweetheart Kara for twelve years. They have two daughters and a son.

Bro. Tony Burrows attended Bernard M. Baruch College where he earned his BBA in Finance. He is employed with Morgan Stanley Inc. as an AVP in the Financial Control Group. Bro. Burrows is founder and partner of BurMiL Land Acquisitions LLC NY - a real estate holdings joint venture. He is a member of the National Association of Black Accountant where he actively recruits minority talent. He is married to Sonia Gonzalez-Burrows and they have one daughter.

Prior to crossing, the neophyte brothers were actively involved in the following community service programs: participated in the Xi Lambda Lambda ROAD mentoring program, participated in the Xi Lambda Lambda Adopt-a-Highway program, visited the Summit Pak Nursing Home, tutored after school students at the Imani Cultural Academy, donated food and time to participate in the Delta Sigma Theta’s Look Who’s Cooking, met with elementary, intermediate and HS children once a month to discuss the assigned books at the CEJIES Institute Book Club.

Theta Mu Mu Chapter Wins Top Volunteer Award at American Lung Association Event

Baltimore County, MD. Saturday, March 14, 2009
Brothers of the Theta Mu Mu Chapter, Baltimore County, MD volunteered at the American Lung Association’s Stadium Trek Event. The Baltimore Stadium Trek is a pledge-based, one-of-a-kind experience where individuals of all ages walked, jogged, ran and climbed in, up, down and around two of Baltimore’s legendary sporting venues: M & T Bank Stadium and Oriole Park at Camden Yards. Brothers assisted with equipment setup, parking, registration, and route marshalling. This event supports the American Lung Association of Maryland’s mission to prevent lung disease and promote lung health by raising money for lung disease research and programs. During the award ceremony following the event, Theta Mu Mu chapter was recognized for having the most volunteers (12) at the event. Per Bro. Satchell Doyle Jr., Social Action Chairman, “This is a great day for Theta Mu Mu, we were chartered six months ago and are already being honored by the American Lung Association”.

On September 10, 2008, a 14,000 square foot YMCA playground at the site of Old Memorial Stadium was tragically burned to the ground. Although the case remains unsolved, the suspected arson case left thousands of inner city youth without a place to play. Seventeen brothers of Theta Mu Mu Chapter (Baltimore County, MD) joined local leaders and community volunteers on Saturday, May 9, 2009 to rebuild the YMCA playground. Brothers were involved in, but not limited to tasks such as cutting wood using circular saws, drilling bolts into slides and swings, shoveling and carrying dirt into multiple sand boxes. The state-of-the-art facility was community inspired, designed, and 100% volunteer built both times.

The purpose of the event was to provide financial support for Baltimore City African-American Youth enrolled in the Urban Leadership Institute’s PRAISE Academy.

The Goal was to raise $5,000, to support the Praise Academy. Over 20 brothers participated in the event. This event brought at least 5 brothers that the chapter believes are reclaimable. The members of Theta Mu Mu will continue to use events like this to galvanize brothers in the area to recommit to Omega Psi Phi Fraternity Inc., and do community services as well.

Answering The Call

“BROTHERHOOD: IF IT IS TO BE, IT’S UP TO ME.”

Our fraternity was founded by noble, educated men who envisioned a brotherhood that would epitomize honor, love, and respect for our women, our families, our communities, and ourselves. The Omega of our forefathers was a (albeit imperfect) manifestation of the original vision. At some point brothers started moving away from the ideal Omega, embracing instead an image and posture more akin to a prison gang than to our magnanimous brethren who crossed the burning sands before. It was only after having the opportunity to converse with 40, 50, and even 60 year brothers at the 71st Grand Conclave and subsequent conversations with our 21st Grand Basileus, Bro. Grant Reynolds that I realized that this troublesome phenomenon is relatively new. One could assume the aforementioned from reading Omega’s history, but being a brother who is of an age where this negative aspect has always been present, it surprised me to learn how short a time this unsavory persona has been a part of Omega, and how quickly it is becoming the prevailing public image of our fraternity.

Our 31st Grand Basileus, Bro. Burnell Coulon issued a challenge in the form of a conclave theme: Brotherhood-If it is to be, it’s up to me; a challenge in response to our hostile treatment of one another, and its detrimental effect on our fraternity and its legacy. This challenge puts the repair of our brotherhood squarely on the shoulders of the brotherhood. If we don’t like what we see, we must say so. Not in a condescending or scornful manner, but in a manner that’s in keeping with real brotherhood. Coming from a place of love, respect and honesty will make possible a genuine and productive dialogue that will benefit all brothers who truly hold Omega dear.

We are a family, and families will fight from time to time. But families will also come together in times of crisis. Brothers, this is a time of crisis. From law suits resulting from brutally violent assaults to dishonest & venomous campaigning, our behavior is becoming the antithesis of our motto.

I love Omega, more than I could ever (verbally) express. It pains me deeply to see us operating in such a manner. But I realize now that the instant the conclave theme was uttered, it made me the subject of a cliché: “If you’re not part of the solution, you’re part of the problem.” It compelled me to revisit my actions, or lack thereof. It reminded me that Omega is not a building or a plot or a paddle. Omega is me. And it’s you. By way of this conveyance, I publicly pledge to do that which God will allow to remove all things negative from the midst of Omega. I respectfully urge all brothers to make a similar pledge. Together, we can forever rid Omega of the soot that sullies her beacon of greatness, so that all who hear and speak her name may once again know Omega Psi Phi as the world’s most grand fraternity. Urgent Memorandum
From: Omega’s Surgeon General
Swine Flu Alert

My Brothers,

As many of you are aware, there is currently a sincere and significant concern regarding the possibility of an epidemic or pandemic situation with swine flu in the United States. There are confirmed cases of swine flu in this country and also a reported death in Texas. I can certainly understand your concern and anxiety relative to this virus, but let me assure you that there is no need to panic or to institute drastic isolation measures.

Many of us will not be in situations to be exposed to the virus, but here are a few suggestions to further protect yourself from exposure or infection. The symptoms of swine flu are similar to those of flu that we see normally. These symptoms are fever (greater than 100 degrees), cough, sore throat, runny nose, body aches, headache, nausea, and vomiting or diarrhea.

If you, in fact have these symptoms, you need to see your physician immediately. There are medications available for treatment and should begin as soon as possible. These medications are highly effective when prescribed by your physician, which is why you should seek immediate consultation if you believe that you have symptoms of flu.

Self-protection and good hygiene cannot be over-emphasized. Be sure to

a. do frequent hand washing with soap and water or use hand sanitizer often,

b. cover your mouth or nose with tissue or your arm sleeve when coughing or sneezing (do not use same tissue multiple times),

c. keep your hands away from your nose, mouth and eyes,

d. avoid close contact with people who are sick and

e. If you are sick, stay home to avoid spreading the illness to others.

Keep in mind, however that the CDC (Center for Disease Control, NIH (National Institutes of Health) and the WHO (World Health Organization), all are predicting that we will see many more cases of swine flu and some will result in death. With that in mind, I strongly urge each and every one of you to observe the precautions listed above and that if you or any of your family members have symptoms, report to your healthcare provider immediately!
